Doug:

1. As I told you earlier this morning, this is the only vu-graph relating to OCS activities. I have to wait until Bud returns from a meeting before I can determine the time for the dry-run tomorrow afternoon. I will let you know asap.

2. Incidentally, according to a revised schedule last Friday, Chuck will be scheduled to speak to the DD/P group for about 15 minutes.

3. This is just to confirm that the security classification will be SI-TKH.
